### Visitor Arrangements

Employees at Waterside Mall who expect the arrival of visitors on weekend, holidays or after 4:40 p.m. weekdays, should make advance arrangements with the EPA General Services Branch. This may be accomplished by dialing 382-2010 between the hours of 7:30 a.m. and 4:30 p.m. Monday thru Friday.

### Warning

The EPA Telephone System is to be used for Official Government Business only. Any other use of the system is prohibited by law (43 Comp. Gen. 163) and could result in suspension or dismissal. Title 41 CFR 101-37. 105-4 also prohibits the use of Government Property for other than officially approved activities. The removal of any telephone equipment from EPA premises may result in arrest and prosecution for theft.

To Telephone Directory Users:

The Summer 1984 Headquarters Telephone Directory is the second edition of what we believe has become one of the best directories in government. We are committed to improving content and editorial quality *and actively seek user comments and recommendations.*

The quality of the directory is attributable in great part to the effort of our editor, Rick Tredinnick (382-2626, PM-215) who is available to discuss your ideas on directory improvements.

The directory is only as good as the updates provided by our administrative contacts who have responded quickly with accurate, revised information. The alphabetical listing is printed from the locator file, which is meticulously maintained by Steve Johnson. Changes in employment, telephone number, mail code, or room number should be reported to Steve using the Green Express Locator Change Form available from your Administrative Officer.

The cover photo shows Multnomah Falls, about 35 miles east of Portland, Oregon, as captured by Rick Langholz. Overall graphics were designed by Peggy Munsey and Nancy Larson. Our next directory is planned for February, 1985.

# How To Use Your Telephone

---

## Dialing Procedures

- **Use Of Telephones For Personal Business**

Unofficial use of any government telephone service by employees is prohibited by regulation 41 CFR 101-37.105-4. Only in cases of personal emergency can exceptions be made.

- **Interoffice Calls**

Calls between headquarters telephones are made by dialing the complete seven-digit number. Do not dial "9" first. All local dial-9 calls produce a message unit charge to EPA and should be avoided.

- **Local Calls To Government Agencies**

Some government agencies may be reached by dialing the seven-digit number. If the call is not completed then dial "9" and the entire seven-digit number.

- **Local Non-Government Calls**

Dial "9" and the seven-digit number. These calls produce a message unit charge and are billed to the agency. All local calls should be for official business only.

- **Official Calls While Traveling**

- Authorization codes and the FTS operator system were eliminated by GSA in order to minimize costs. Consequently, off-net FTS calls may no longer be placed from a commercial phone.
- Official calls should be placed from an FTS number whenever possible. If commercial service must be used, select the most economical rate for the service required. For example, a short direct dial call may be used to set up a return FTS call.
- If justified, customer calling cards may be issued to assure adequate long distance access from locations not serviced by FTS. Direct questions concerning official travel policy to the Headquarters National Operations Desk: request Bettie Botts at 382-2077.

- **Calls To Alaska, Hawaii, Puerto Rico And The Virgin Islands**

Official FTS calls are made by direct dialing. Follow the same procedures used with all FTS (dial-8) calls.

- **International Dialing**

Calls may be placed to international locations only on special unrestricted lines.

- If your official duties require frequent international calling, a telephone line may be unrestricted. Please request that your Administrative Officer (AO) submit appropriate justification to the EPA telecommunications staff.
- For occasional international calls, consult your supervisor or AO for an unrestricted line in your area. In addition, several unrestricted lines are available in the Communications Center, room MG-100.

For international calls, direct dialing should be used. To determine appropriate country and city codes, consult the local phone book or contact the commercial operator by dialing "9" and then "0".

- **Calls To Canada**

Calls to Canada are placed in the same manner as international calls. The FTS Gateway Operator service has been discontinued.

## **Service Procedures And Information**

- **Telephone Publications**

Selected publications are located in Room G-100. Call 382-2075 for information about:

- EPA Headquarters Directory
- FTS Users' Guide
- Teleconference Guide

- **Telephone Training**

If you or your organization need training to use the telephone system, FTS, or teleconferencing facilities, call 382-2075 to arrange for assistance by a telecommunications specialist.

- **Directory And Locator Updating**

- It is the responsibility of all personnel to notify their Administrative Officer of any additions, deletions or changes to the locator.
- The locator information is maintained on a computer system at headquarters and is updated daily. To implement changes, have your Administrative Officer (AO) complete the Green Express Locator Change Form and have the AO forward it to Communications Branch, PM-215, Room G-100.
- If you have any questions concerning locator updates, call 382-3427.

- **Requests For Telephone Equipment**

Employees should arrange for telephone service through their Administrative Officer (AO). The AO will complete EPA form 5020-1 to initiate or modify service. Employees should promptly inform their AO of equipment or services which are no longer needed.

- **Relocation of Telephone Equipment**

Under no circumstances should employees relocate telephone instruments. All telephone service should be initiated by the Administrative Officer (AO). The AO will contact an authorized technician in order to provide the desired service.

- **Repairing Telephones**

All repairs must be reported to EPA Telephone Repair at 382-2267. Under no circumstances should the commercial repair operator be contacted as this can result in unnecessary repair charges. Each organization will be held responsible for expenses incurred by calling the commercial repair operator.

- **Removal of Telephone Equipment**

All telephone equipment is owned or leased by EPA. The removal of any telephone equipment from EPA premises will be considered stealing, which may result in arrest and prosecution for theft.

- **Billing Procedure**

In order to provide a more equitable distribution of costs to each agency, GSA will implement a new billing system for FTS usage. Beginning with the first quarter of FY 1985, costs will be determined on a time and distance sensitive basis. FTS calls will no longer be computed on a flat rate (per minute usage charge) but instead will be based on the following:

- 1) The time a call is made (day, evening, night)
- 2) The duration of the phone call (in minutes)
- 3) The distance of transmission (in miles)

These changes will make the FTS billing procedure similar to that for your home phone bill.

- **Telephone Cost Control**

EPA has installed a computerized telephone accountability system. This system captures usage call data every month, the same type of information you receive monthly from the telephone company. Every month a telephone bill is distributed to each organization to ensure that all calls are for official purposes.

## • Control Of FTS Usage

All employees and their supervisors are personally responsible for control of all telephone usage.

FTS stands for Federal Telecommunications System, not "Free Telephone Service".

- Long distance calls should be made only when they are advantageous to the government and when they are for official purposes.
- Long distance calls are not "free" after normal working hours and GSA will charge EPA for all long distance calls made after hours.
- Personal long distance calls (all calls not for official purposes) are never free. These calls are prohibited by 31 USC 1384(b) and could result in suspension or dismissal.

## Telephone Features -- Headquarters

### • Call Transfer

You may transfer a call from one telephone station to another station within the Centrex System.

- This feature is activated by depressing the switchhook once. A recall dial tone (three short tones followed by a steady dial tone) will be heard.
- Dial the number to which the call will be transferred, and then either: (a) hang up after one ring--the call is automatically transferred; or (b) wait until someone answers, announce the caller, and then hang up.

### • Consultation Hold

You may consult with a third party during an existing call.

- To do so, depress the switchhook once, as in call transfer. Three short tones followed by a steady dial tone will be heard. Dial the other station and speak with that person while the original caller remains in a "hold" condition.
- Once the consultation is over, wait for the third party to hang up. To reestablish communication with the original caller, depress the switchhook twice. If you receive a busy tone, no answer, or make a dialing error when calling the third party, you may drop the connection and return to the original caller by depressing the switchhook twice.

- **Conference Calls - 3 Parties**

To establish a three party conference call:

1. Call the first party
2. Depress the switchhook once;  
wait for the recall dial tone
3. Dial the second party
4. Depress the switchhook once
5. All three parties are now in conference.

- **Call Forwarding Options**

Another available feature is call forwarding, the ability to transfer calls to another station automatically. This may be accomplished in two ways:

- **Call Forwarding Busy or No Answer:** This feature automatically routes calls to a preselected station when the called station is busy or no one answers after three rings.

A telephone service order must be issued by the EPA Telecommunications Section to change the station to which calls will be forwarded. Your Administrative Officer should complete EPA form 5020-1 to initiate or modify service.

- **Call Forwarding Variable:** This feature is generally available for secretarial stations. It is controlled by the user and will route incoming calls to a selected telephone number.

This feature is available only on a limited basis and must be specially ordered by the EPA Telecommunications Section.

## **Teleconferencing Capabilities**

- **Portable Telephone Conferencing**

EPA has purchased portable teleconferencing equipment which can be installed in any room with a standard modular jack. This portable equipment may be reserved by calling 382-2267.

- **EPA Conference Calls**

EPA has established its own teleconferencing capability as part of its nationwide communications operation. At Headquarters, a special teleconferencing facility is located in Room 3307 of the Waterside Mall. Also available is a special conference bridge which will allow as many as 48 different locations to be connected for a teleconference meeting.

To schedule a teleconference, reserve the teleconference room, or receive additional information, call 382-CONF. The EPA teleconference bridge is available to employees nationwide, including Puerto Rico and the Virgin Islands.

- **Commercial Conference Calls**

The 48-port system should satisfy any EPA teleconferencing need. Should this be inadequate, however, special authorization may be given to use conference facilities provided by Bell Atlantic (formerly C&P) or GSA. Since they are very expensive, these outside services are not used unless deemed highly essential. Approval to use commercial teleconferencing facilities may be granted by the EPA Telecommunications Manager (382-2075).

## Take Time for Safety

There are no demands so urgent that we cannot take the time to do our jobs safely.

## Office Safety

Safety in the office doesn't just happen. It's the result of everyone's effort.

## Personal Protection Equipment

Protect the only body you'll ever have. Use your personal protective equipment.

## Laboratory Safety

Lab safety means taking special precautions at all times when working in the laboratory.

## Vehicle Safety

Drive your vehicle as if your life depends on it ... it does!

## Fire Safety

Fire is a tragic word; good common sense can help prevent it.

## Get Involved

You can do a lot to make the working environment safe and healthful ... get involved.

If you have any questions about or suggestions for improving the agency's occupational health and safety programs, please contact the occupational health and safety designee at your reporting unit or call the headquarters office at FTS 382-3640 - Room 3503 Waterside Mall.

## Mail Information

### General Information

The EPA mail facilities are to be used for official business only. Any misuse of Government mail may result in prosecution under 18 U.S.C., Section 17.19.

Location	Room	Mail Code	Number
Waterside Mall	G-100	PM-215	382-2132
Fairchild Building	5th Floor	PM-215	382-2175
Crystal Mall 2	822	PM-215	557-8273

Always insist that incoming mail include the correct EPA mail code. In addition, please ensure that an EPA mail code is part of the return address on all outgoing mail. Assistance, training, and additional information can be obtained by calling 382-2132.

### Mail Services Offered

- Standard Mail Classes--United States Postal Service (USPS)

EPA posts regular First Class, Third Class, Book Rate, Parcel Post, Certified, Registered, and International Mail. Express Mail Services are also available:

- Custom Designed Express Mail (Pouch): This is an overnight delivery service to all 10 of the EPA Regional Offices, plus Cincinnati, Ohio, RTP, North Carolina, and Corvallis, Oregon. This mail must be completely addressed and specially marked as "Pouch". All Custom Designed Mail should be delivered to the Waterside Mall mail room in G-100 no later than 3:30 pm.
- Express Mail: This provides next day delivery by 3:00 pm to most domestic U.S. locations. Express Mail forms can be obtained in the mail room.

- Overnight Courier Service

This service provides overnight delivery and is used when it is less expensive than other mail services. Please consult the Waterside Mall mail room for the most cost effective service.

- United Parcel Service (UPS)

UPS is available for the shipping of packages and boxes.

Government mail is not free and controlling mail costs is the responsibility of every employee.

- Use the smallest size envelope possible
- Write or stamp envelopes with the appropriate postal class (e.g. First Class, Third Class, Book Rate)
- Use Third Class for mail over four ounces, when possible
- Use complete address (include Zip Code) to assure prompt delivery

# Electronic Mail Directory

---

# EPA Electronic Mail Directory

Electronic Mail is a computer-based message system which allows the exchange of "messages" through a central "electronic mailbox". Communicating word processors, data terminals, personal or office computers, and other types of standard office automation equipment may be utilized to send or receive "messages".

The EPA Electronic Mail service provides virtually instantaneous transmission of textual information between persons and organizations throughout the agency, regardless of location or time of transmission.

The Communications Center at EPA Headquarters is located in Room G-100 of Waterside Mall. It is open from 8:00 to 5:30 daily--all messages received before 4:00 pm normally will be transmitted the same day. Headquarters and field locations have been furnished with new high speed equipment that offers improved quality and increased transmission speeds. For best results: use black ink on white paper and do not use green, red, or pencil as the equipment is unable to read these messages.

Priority letters, drawings, charts, forms, and photographs are particularly appropriate for facsimile communications. Please limit transmission to 20 pages or less, except in emergency situations.
